CS 70, Summer 2014 — Homework 5 Reflection

Harsimran (Sammy) Sidhu, SID 23796591

August 1, 2014

I did 1e incorrectly, I did 5^3 for selecting the rest of the 3 balls instead of $\binom{7}{3}$

I did 2 the same way but I did it using less formal language

I also did part 3 using examples instead of using sets like in the solutions.
