CS 70, Summer 2014 — Homework 7 Reflection

Harsimran (Sammy) Sidhu, SID 23796591

August 15, 2014

For number 5, I assumed that saying the variance is 0 was okay to finish the proof.

For number 6, I did not use the formal notation to do the probability bounds.

For number 7, I was a bit confused about the relative and abs error. I used abs error and got the same answer!
